

## Barrow CE School Curriculum Intent

At Barrow CE School our intent is to create a culture where children's contribution is meaningful, and where the unique child is nurtured, celebrated and significant. We aim to do this through a creative, inclusive curriculum which develops skills and instils in pupils a sense of connection, spirituality and belonging. We hope that a secure foundation and sense of belonging will underpin our pupils' future life experiences and their sense of self-worth.

Through our curriculum, we strive to ensure that the process of teaching and learning creates an energy and purpose that can ignite the spark in our learners. Ultimately, our intent is that our curriculum empowers each of our pupils to let their light shine and to make a positive difference whenever, and wherever, they can.
